Sep 2026 – (Graduation Jun 2028)

University of California, Riverside

B.S. Computer Science with Business Applications

Sep 2024 – Mar 2026

- Coursework spanning data structures, business analytics, financial accounting, and Python

Mansfield College, University of Oxford

Global Leadership Program — cross-cultural leadership, negotiation, strategic decision-making

Mar 2026

EXPERIENCE

Nemko USA — Carlsbad, CA

Sales Support Intern

Jun 2026 – Sep 2026

- Sourced and qualified outbound leads for the North American sales team at a global testing, inspection, and certification firm, building targeted prospect lists in Salesforce and SalesIntel.
- Generated 500+ new leads through cold-call outreach and booked 12 discovery meetings for account executives, converting 2 into closed projects
- Built an automated lead-generation pipeline with Claude Code that scraped, cleaned, and scored prospects from the FCC equipment authorization database using pass/fail qualification criteria; adopted by the sales team for ongoing prospecting
- Received return offer for Summer 2027 based on lead-generation results and automation contributions

Highlander Consulting Group — Riverside, CA

Consulting Intern — Go-to-Market & Strategy

Oct 2025 – Jun 2026

- Delivered data-driven go-to-market recommendations for two clients: Sensibly, an AI hiring automation startup, and R&B Tea Riverside, a college-market retail operator.
- Built a four-tier vertical prioritization matrix that redirected Sensibly's sales pipeline away from its food and hospitality base toward home health and tourism which were a better market fit for their current services.
- Ran an AI-voice compliance analysis to understand regulatory exposure in the client's outbound calling product and inform which verticals could be pursued safely.

SensoryGen Market Entry Analysis — Riverside, CA

Independent Strategy Project — Blackstone LaunchPad Innovation Challenge

Nov – Dec 2025

- Led US consumer market entry analysis on a two-person team for a UCR biotech spinout (\$1.5M raised) commercializing a non-DEET natural mosquito repellent.
- Recommended a dual-track strategy positioning the company as prepared to self-launch in order to strengthen licensing negotiation leverage, given a mature market and a limited pool of strategic buyers.
- Placed 2nd of competing UCR teams (\$600 prize); presented findings to the client post-engagement, extending the relationship beyond the deliverable.

HONORS & AWARDS

- **1st Place, UCR** — Wells Fargo / Global Career Accelerator AI Pitch Competition
- **2nd Place, UCR** — Hult Prize Immigration Business Challenge
- **Top 100 Nationally** — Crocs / Global Career Accelerator Marketing Pitch Competition
